PETS
Event Registration

Gone are the days of paper forms and printed programs. An increasing number of PETS Events are embracing online registration services and event apps. Online registration not only improves efficiencies and eliminates unnecessary paperwork, it also maximizes participation and improves marketing capabilities for the event.

Reasons to Use it!

Save time: opening, entering and sorting out illegible or inaccurate forms can be very time consuming.

Customized online registration: full customization of your event registration page to the look and feel you want to give it. Print custom Badges.

Event App: event apps are no longer a nice-to-have for big events. Tech-savvy attendees expect them. Ultimately, it's about ease of use and providing the most current information to your attendees.
