Looking to Strengthen & Grow Your Rotary Club?

Don't miss the **Feature of the Year** on DACdb: "CRM" or "Customer Relationship Management". Yes, your club has customers. We usually call them Members or Rotarians. They vote with their wallets to join and they vote with their feet to leave. And, like commercial customers, it's all about the experience we provide, both before and after joining Rotary. Rotary is a **membership** organization that does community service, not the other way around. The value proposition is in the members that become part of your personal and business network.

As such, there's no higher priority in a Rotary club than attracting and retaining members, growing the club steadily and moderately. The DACdb CRM module is the latest and best available tool for identifying and tracking potential members. And best of all there is NO cost to use it, as it is part of the standard DACdb package!

Entering Makeups-It's Easier on DACdb

It's easy to enter a makeup. You can even do it from your phone.

Here's how

Engagement Meal Codes

Your club resolved to modernize ♦ go digital ♦ reduce the paperwork for your volunteers to better use their time in other ways. One of the components of these improvements to how your club functions includes using the Engagement module in conjunction with the Finance module. And now it matters a great deal that the folks staffing the guest table pick the right meal codes as they check-in members and guests.

Here's how

DACdb Mobile Just Got Better: Check out the New Engagement Enhancement

DACdb Mobile Just Got Better: Check out the new engagement enhancement on DACdb mobile.

In the midst of your annual service project, do you really want to enter your project activity at the end of your day or week, after the project details may not be fresh in your mind or perhaps forgotten? There is a better, faster way to track ♦ immediately! Don ♦ wait to track the time- do it right then and

it's done.

You can now view your project details and enter the project activity right from your mobile device, using DACdb mobile.

Club -> Engagement -> Enter Project Activity -> Select Project from list

Just another reason to subscribe to Engagement- DACdb mobile helps keep you accountable and it's a great way to easily keep track of your club's service projects

It's the Little Things: Simplify your Admin Process

Have you ever noticed the *Sponsor* field on the Member Profile Page? If completed in the member's data, you will see this field displayed on the member profile page.

There are helpful ways the Sponsor field can be utilized to ease Rotary administration, as suggested by John Enger, PDG D5030, West Seattle Rotary.
